

CWRW Select program 2008/09 Crop Year

Canada Western Red Winter (CWRW) Select wheat is part of the Canadian Wheat Board's commercial IPCP program. Starting in the 2008-09 crop year, only CWRW delivered by farmers against a CWRW Select company-specific Guaranteed Delivery Contract (GDC) will receive a CWRW Select grade – all wheat in these GDCs will be 100-per-cent accepted. A portion of the GDCs will be accessible for producer car shippers. GDC volume and delivery timing will be driven by market opportunities. The price premium for CWRW Select in 2008-09 will be at least \$10 per tonne above non-select varieties for protein levels of 11 per cent or higher.

Eligible CWRW Select varieties include AC Bellatrix, AC Readymade, AC Tempest, CDC Buteo, CDC Osprey, McClintock, Norstar and Radiant.

To complete your IPCP delivery contract:

- Contact your grain company representative, who can submit the delivery contract on your behalf using e-Services.
- Contact the CWB at 1-800-275-4292 with your Personal Identification Number (PIN) and complete the contract over the telephone.
- For more information, call the CWB at 1-800-275-4292 or your grain company representative.

The procedure to follow as a grower is –

1. Once done harvest growers should have their winter wheat graded asap to make sure it is a #1 or #2 CWRW with 11.0% protein or better (also must be of the above varieties - doesn't have to be grown from certified seed).
2. Growers should find out which companies have won tenders and will be shipping CWRW select. This can be done by looking on the website (in the Guaranteed Delivery Contract tab), asking those on the CWB toll free line or speaking to your local rep of your favourite grain company.
3. Knowing which company won the tenders is important as all of the GDC's will be tendered except some producer car movement. There will be no general allocation for this product.
4. Complete a Guaranteed Delivery Contract with the grain company (and the CWB) for CWRW Select winter wheat for the tonnage you have for sale, done in one of the ways stated above.

THE KEYS ARE

- **FIND OUT YOUR QUALITY**
- **FIND OUT WHO WILL BE A DELIVERY POINT IN YOUR AREA**
- **SIGN A GDC AS SOON AS YOU CAN**
